

Questionnaires were sent to municipal candidates with the email below. Most candidates replied by answering the questionnaire. Tim Hallbeck, Candidate for Cottonwood Heights Council District 2 replied only with the email below. As indicated in the original request his response is provided, unedited, along with those from other candidates, as information for voters to consider as they decide for whom they will cast their vote.

If you know that municipal elections are purposefully non partisan, why are you asking me to provide partisan information on partisan topics? Are you stupid, is that your problem? Take your divisive partisan questionnaire and shove it. All the way up, so even back stabbing Romney will see it.

Remove me from any and all email lists you may have, or anticipate similar responses in the future. Insert middle finger hand gesture here.

Congratulations and Thank You for being willing to serve your community in public service! While we know that municipal elections are non-partisan the Salt Lake County Republican Party would like to ask you to complete a short questionnaire about some of the issues that you may face in elected office. Your responses will be shared with Republican voters in your city and will be posted on our website and accessible by the general public. This is not an endorsement process but rather information gathering so residents can be informed about local issues.

Please take a few minutes to answer the attached questionnaire and return it to us as soon as possible. Please be sure to include your name and the office you are seeking at the top and email your responses to ViceChair@slcogop.com. There is a section on the bottom for you to include a message to the public of your choosing.

Thank you, in advance, for your reply and good luck in your race!

Sincerely,

Scott Rosenbush

Vice Chair - Salt Lake County Republican Party
